Clickatell uses a credit based system for sending messages. 1 message equals 1 credit. For Example, A message submitted for delivery to 1 person equals one credit. A message submitted for delivery to 5 people equals 5 credits.

Free Outbound SMS Messages (MT) / Credits

Depending on the selected rental period, you will receive a specific total amount of FREE SMS Credits. Your first allocation of free credits will occur immediately after successful payment. Subsequent allocations (if applicable) will on the same date (.e.g. 17th) of the following month.

Please note that credits not used within one month of allocation will automatically expire and cannot be transferred to the next month or to another client.

Free Incoming Messages (MO)

All messages you receive on your two-way number are entirely free of charge.

Renewal

Prior to end of service: If you renew your subscription before the end of your service, your monthly allocation of free credits will remain on the same date (e.g. 17th)

After the end of service: If you renew your subscription after the end of your service, the monthly allocation date on which you receive free credits will change to the date on which your successful payment was concluded. (e.g. 19th)

Note: If you are manually renewing your subscription plan you have the option to change your monthly subscription package.

Buy Credits

When buying volumes of credits, the following discounts apply:

Credit Volume	Price per Credit
1 to 9,999	\$0.020
10,000 - 60,000	\$0.017

Note: Credit Balances that are not used within 6 months of purchase will automatically expire.
